Baines, to send the election returns of this precinct to the Press Democrat at Santa Rosa Tuesday evening. In selecting Archie, Mr. Baines tendered McKiver the compliment that he was the only good man in town that he could depend on to send them in right and on time, and needless to say, Archie made good.

FETTERS CONTEMPT OF COURT CASE.

Judge Emmet Seawell Renders an Opinion Unfavorable to the Defendant.

In the Superior Court, Monday, Judge Seawell denied the writ of habeas corpus asked for Mrs. Emma Fetters, who was declared guilty of contempt of court by Justice of the Peace Campbell of this city some weeks ago, and sentenced to serve one day in the city jail and to pay a fine of \$100. A writ of review, however, is still pending in the courts and Judge Seawell has suspended judgment for five days.

The opinion of Judge Seawell follows: "This is an application to be discharged on a writ of habeas corpus. The only questions that may be determined under the writ are the questions of jurisdiction and the sufficiency of the commitment. A number of questions were extensively argued upon the presentation of the writ, but the court is firmly of the opinion that none can be raised by the petition other than jurisdiction and the sufficiency of the commitment."

"The court is of the opinion that a justice of the peace, sitting as a magistrate in the examination of a felony charge, is empowered with authority to punish for a contempt committed within the immediate presence of the magistrate and during said examination."

The language of the commitment presents a more serious question. That portion of it material to a determination of the question, is in the following language: "Whereas, on the 11th day of October, 1912, during the hearing of the above entitled action, the People of the State of California vs. G. K. Bigelow, and in the presence and hearing of said court, in session, Emma Pell Fetters, the complaining witness in said action, did publish, utter and say aloud and in a boisterous manner, in the hearing of the court and others, to G. K. Bigelow, the defendant herein, to-wit: pointing her finger at him and in a threatening manner, did then and there threaten to do him or get him, with the view on the part of said Emma Fetters to bring this court and its proceedings into contempt, etc."

"Counsel for petitioner earnestly contends that the foregoing language of the commitment comes within the rule laid down in Re S. M. Shortridge, 5 Cal. App. 371. It was doubtless the intention of the justice to state the alleged language of petitioner as given by her at the time of the alleged contempt, but instead of so doing he changed from the direct to the indirect discourse, which gives rise to the trouble that confronts us. The effect of the language set out in the commitment does not count within the rule laid down by Mr. Shortridge or word spoken by him stripped of legal conclusions, was sufficiently described or set out to show that his conduct was contemptuous. In fact, the court holds that all of his language and conduct could be readily reconciled with the duty of an attorney acting within his legal rights. The court in justification of its position takes pains to state that he was not an interloper in the proceedings."

"There can be no suggestion or presumption indulged here that Mrs. Fetters was an attorney; it appears that she was the complaining witness and pointed her finger, etc., at the defendant in a threatening manner. The words threatening and boisterous, when considered alone, may be conclusive, but when coupled with acts impossible of description, they become descriptive of said acts."

"While the question here presented is a close one, the language of the commitment is sufficient to justify it in remanding the petitioner, but inasmuch as she will have served her sentence, which is but one day imprisonment, before a review of the court's action here-in can be submitted to a higher court and thus have paid the penalty without being afforded the right of appeal both in imprisonment and by fine in the sum of \$100, it is the order of the court that a five days stay be allowed herein in which to present the matter to a higher court if she so desires."

"The writ is discharged and the prisoner remanded in accordance with the foregoing order."

SONOMA BREWERY'S FORECLOSURE SALE

The Property is Bid in by Secretary A. Beretta, Who Represented the Mortgagees, for \$28,386.72

The Sonoma Brewery was sold at foreclosure sale in Santa Rosa last Monday, the purchaser being A. Beretta, who represented the mortgagees H. H. Granice, Chas. Dal Poggetto, F. Nichelini, A. Beretta, Frederick Leix, August Rouquie, August J. Rouquie, Joe Felder, A. Froment, James Maffei, John Batto, Fred. Batto, John Batto & Sons, a corporation, N. J. Heggie and Giuseppe Proletti.

The brewery was knocked down to him for \$28,386.72, which amount covers the amount sued for and costs of suit.

The foreclosure proceedings were brought by Jos. Keechler and John Steiner, to recover the sum \$4,342.82 on first mortgages. This threw the holders of the second mortgage into court to protect their interests, and this was done by paying the Keechler and Steiner judgments.

Notwithstanding the efforts to wreck the Sonoma Brewing Co., which has one of the best equipped brewing and ice plants in this section of the State, the business of the concern has continued right along, and those who have put their money in the venture will continue to do business at the old stand.

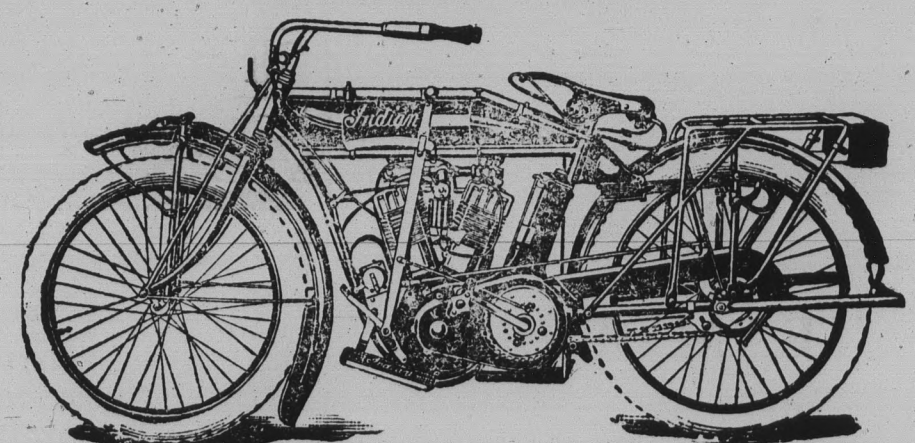

Just what the final outcome of the sale and purchase of the brewery property will be cannot at this juncture be foretold.

The property ought to be worth \$75,000 just as it stands today but with the prohibition wave, which is now sweeping the state as a menace to its value, it is problematical what it can be sold for at this time should it be put upon the market. If the property could be made to bring anything like its true value in case the mortgagees can find a purchaser, those who have put good money into the concern ought to at least break even. In the mean time the brewing and ice plant will continue in active operation and with the vexatious law suits out of the way ought to be made to pay dividends.

1913 Models of the Indian Motorcycle.

Following the "14 important improvements" of 1912, the Hendee Mfg. Company announce no less than a dozen additional new features in their 1913 model of the Indian Motorcycle.

By far the most significant feature of the new machine is the Cradle Spring Frame. It is something entirely new, a radical departure from the conventional bicycle and recent motorcycle systems of "springing". Briefly, the new device consists of the application to the rear wheel of the Indian Cradle Spring device as used on the front fork for the past three years.

Extending back horizontally from the frame joint cluster under the saddle, flanking the rear mudguard, are two 7-leaf Chrome Vanadium steel springs. The "C" shaped curls at the rear end of these springs are connected by stays to bell cranks on which the rear axle is hung. The forward end of the rear fork has a hinge joint which enables the rear wheel to yield to imperfections of road surface. All shocks are completely absorbed by the leaf springs. The rear wheel can go through almost any vertical motion without affecting the body of the machine. There is no "bottom" to this spring device. The life of the machine is greatly increased. The Engineering Department of the Hendee Mfg. Co. devoted 18 months of exhaustive test to the Cradle Spring Frame before finally deciding on its adoption for all models of the 1913 Indian.

In addition to the Cradle Spring Frame, the 1913 Indian embodies 10 other important improvements which will be appreciated by motorcycle riders in general. Prices remain the same as last year.

New style, single clutch rims; larger tires, wider mud guards front and rear with larger splashers; casing for upper stretch of transmission chain and curve of sprocket; larger luggage carrier in rear, fitted to all models; foot rests as well as pedals, fitted to regular 4 h. p. and 7 h. p. models; foot-brake lever fitted on left side now operates band brake as well as the pedal action; larger size multiple disc clutch now fitted to all models alike; improved Indian type saddle.

All 1913 Indians will be chain driven, and finished in Indian red only.

HEAVY DOWNPOUR... FARMERS JUBILANT

The Rain Which Set in Monday Developed Into a Veritable Deluge

The rainstorm which set in last Monday developed into a veritable deluge on Tuesday and Wednesday and the soil received a thorough soaking.

Farmers and dairymen are jubilant as the rain came at a most opportune time and will assure abundant crops the coming season. Pasture has received a great impetus and will be both early and abundant throughout the winter and early spring months.

As soon as the present storm subsides the ground will be in great shape for plowing and seeding, and in consequence a greater area than ever will be seeded in the Sonoma Valley to hay and grain.

The precipitation for the storm according to local U. S. Signal Observer Robt. Hall was 3.79 inches.

Automobile and Motorcycle Notes

The Mission Garage, agents for the Indian Motorcycle, has just received word from the Hendee Manufacturing Co., that it has made many radical changes in Indians for 1913. Watch out! Our announcement containing these changes, together with the great surprise, "The Price," will soon be made.

The Hudson automobile for a lady to drive is just the thing, starts by simply pressing a button. The Hudson six-cylinder car is conceded by experts to be the fastest thing on wheels. The stock toning car will do eighty miles an hour. Some people will say this is altogether too fast, but power means speed. The other extreme of speed is four miles an hour on the high gear. To show the flexibility of the motor the car will from a standing start get a speed of 60 miles an hour in 30 seconds. What other motor will do this without choking? This car to responsible people we will take care of for three years. Before buying a car see the Mission Garage they can save you money.

Mrs. J. J. Horter and children were here from San Mateo county several days the fore part of the week.

"Pop" Hibbard made a brief trip to the metropolis on business Monday.

Assistant District Attorney Jack Ford of Santa Rosa was in town last Monday evening.

Miss Georgie Andrews, who has been confined to her home for a week with a severe cold, is now entirely recovered.

Mrs. Pauline McMullen returned from the metropolis Monday, where she had been the guest of her sister, Mrs. Theo. Nauman for a week.

State and County taxes are now due and payable at either the Sonoma Valley Bank or the First National Bank of Sonoma. If the first installment is not paid before the last Monday of November it will become delinquent and 15 percent will be added to the amount.

Dr. Francis Leix, wife of Dr. Frederick Leix, who has been lying dangerously ill all week with blood poisoning of the hand, is somewhat improved as we go to press. Dr. Morton of San Francisco, assisted by Dr. Leix, operated upon Mrs. Leix's arm on Thursday night of last week, and this operation undoubtedly saved her life.

John Ruckstahl, who has been chief engineer of the Sonoma Brewing Company's ice plant here for the past two years, has resigned his position and on Tuesday last left with his wife and little daughter for San Francisco. Mr. Ruckstahl is one of the finest mechanics on the Pacific Coast and it will be hard to find his superior anywhere.

Mrs. F. F. Sprague and children, Master Everett and little Miss Sybil, are expected here from Nevada county the fore part of next week to spend the Thanksgiving holidays at the Granice home. Dr. Sprague will accompany his little family and while in Sonoma will be the guest of his mother at her home on Broadway.

Sonoma, California, November 9, 1912

Roosevelt and Johnson, the Benedict Arnolds of the Republican Party, are Repudiated by the Nation.

Tuesday's election resulted in the repudiation by their countrymen of Roosevelt and Johnson, the Benedict Arnolds of the Republican party, and the Bull Moose or Progressive party has shot its bolt and practically died a-borning.

The battle of ballots resulted in a veritable landslide for Woodrow Wilson and the Democratic hosts from Maine to Florida. Wilson carried forty States, Roosevelt seven and Taft three, while the next Congress will be Democratic by a large margin.

Among the States in the Wilson column is our own California, which will give him, when the official returns are made known, about 10,000 votes over the Roosevelt-Johnson ticket, whose deluded supporters have been claiming the State by 70,000 plurality for the brace of Bull Moosers, which but emphasizes the truthfulness of the trite aphorism "that figures do not lie, but liars sometimes figure."

That the Roosevelt-Johnson crowd of political schemers got hit hard all along the line goes without the saying. Roosevelt was beat in his own State—New York—by nearly a quarter of a million votes, while Johnson, the caudal appendage of the Bull Moose, was not only defeated in his own State, but his own town and county—Sacramento—where he was born and raised and best known, repudiated him. Even his illustrious old dad, Grove L. Johnson, worked and voted against him because he knew his boy to be in bad company.

Summed up, the result of Tuesday's election turns over the Nation to the Democratic party for the next four years at least and for how much longer will depend in a great measure upon the wisdom and statesmanship of Woodrow Wilson and his party advisers. It also eliminates Theodore Roosevelt and his third-term aspirations forever from the field of American politics. So mote it be.

The Roadhouse Measure-- What Will be the Outcome?

The carrying of the Anti Roadhouse Amendment at Tuesday's election was a great victory for the Prohibitionists and one, too, that will work a deal of harm, not only from a business standpoint but morally as well, as their elimination may lead to low-down dens that can afford to conduct 35-room affairs to take the place of the respectable roadhouse without a single room, and there are many such in this valley and other sections of Sonoma county, where an assignation would be impossible. It is an unfair measure, too, because it puts the little fellow out of business and ruins him to benefit and further enrich the big fellow with the means to build and conduct a thirty-five room concern. It is a rich man's measure pure and simple as it prevents the respectable man of modest means of engaging in the hotel business on a small scale outside of municipalities in Sonoma county.

To our way of thinking, however, the measure is obviously unconstitutional and will be punched full of holes when it gets in the courts, as it surely will, because too much property is at stake for those who are affected without their putting up a legal fight to hold their own.

Then Athalia, one of Vineburg's well-known citizens, transacted business in the Bay City Saturday.

A large amount of rain has fallen the past few days and from now until the crops are in every one will be busy down this way.

Fred. Batto and Angelo Beretta, two of Sonoma's progressive citizens, transacted business in the City of Roses last Monday.

Mr. and Mrs. E. H. Johannsen, accompanied by their daughters, Misses Edla and Gertrude, were the guests of Oakland friends from Saturday afternoon to Monday morning.

B. Freeman, mine host of the Palace Hotel, Sonoma, and Harry Kizer of this place enjoyed a duck shoot in the near-by tules last week. They report a fine time and good luck.

The stork visited the home of Mr. and Mrs. John Bobell on October 31st, and now a pretty bright eyed little Native Daughter gladdens the hearts of her happy parents. Mother and child are doing nicely.

One of Sonoma's popular girls is thinking of borrowing the Mayor of Vineburg's whiskers for the purpose of impersonating Santa Claus at the next mask ball in Sonoma. We trust his Honor will not comply with her wish as she might forget to return them and this town might lose one of its chief attractions.

Harvey Kizer of Des Moines, Iowa, arrived here, one day last week. The gentleman is the father of our local merchant, Harry Kizer, and enjoys the distinction of being the second white child born in Sacramento City. After an absence of many years he has returned to the Golden State and will locate permanently here, making his home with his son and daughter-in-law.

Miss Helen Gander of San Francisco, well-known in North Vineburg where she has spent her summer vacations for a number of years, died on the 5th inst. She was only 16 years of age and was highly educated. The deceased young lady held a responsible position with a large mercantile firm in the metropolis. Albert Grosscup Sr., Chas. and Albert Grosscup Jr. left here Wednesday to attend the funeral.

Al. Enke, well-known to his many friends in this valley as "Genial Al" and at one time proprietor of the Union Hotel, Sonoma, after a brief visit with friends here has departed for Shasta county, accompanied by his wife, where they will locate. Good luck, Al., in your new home.

Sunday afternoon being all that could be desired as far as the weather was concerned, quite a crowd of visitors assembled in this burg and all enjoyed themselves. The "Box Car Improvement Club" and the "Jaspers" were well represented but on account of it being so near election neither club held a meeting as they are both out of "politics" or soon will be.

S. NONELLA HAS SKULL FRACTURED.

Thrown From Buggy and Falling Under Horse's Feet is Kicked on Head.

S. Nonella, a well-known rancher of Verano, while driving into town Wednesday night, was thrown over the dash-board of his buggy by his horse stumbling, and falling under the animal's feet, was kicked on the head. His skull was fractured and his scalp frightfully torn.

The injured man was taken to the Leix sanitarium for surgical aid. Dr. Morton of San Francisco was summoned to assist Dr. Leix in performing an operation on the injured man. This was successfully accomplished Thursday morning and if no unforeseen complications set in the patient, although frightfully injured, will recover.

J. H. WEISE DEFEATS BLAIR HART

Carries First Supervisorial District by 62 Voters Only

Complete returns from eleven of the twelve precincts in the First Supervisorial district gives Weise, R.-P., 812; and Hart, Dem., 750; Brodt, Socialist, 48.

The defeat of Mr. Hart came as a surprise to his many supporters, and can only be accounted for upon the hypothesis that his best support comes from the isolated places in the district and voters were kept away from the polls by the heavy rain. Take Sonoma for instance, 75 votes were lost to him alone in that precinct from that cause.

ROADHOUSES VOTED OUT OF EXISTENCE

Over a Thousand Majority in Favor of Their Abolition in Sonoma County

At the election last Tuesday the Amendment in favor of abolishing the roadhouses was carried in this county by over a 1000 majority.

The Amendment will be attacked in the courts by those who have over a million dollars invested in these essentials to the traveling public, and the end is not yet.

It is obviously an unjust measure that puts the small hotels and bars out of existence to give a monopoly of the trade to those who have the ready capital to invest in 35 room hotels.

Should the measure be upheld by the courts a world of harm will have been done the business interests of both town and valley.

LEGISLATIVE TICKET IN SONOMA COUNTY

Hamilton, Progressive, Defeated by Libby, and Slater is Re-elected Over Fulwider.

The result of the Legislative contest in this county at Tuesday's election was a victory for the Democratic nominees.

Libby, Democrat, defeated Hamilton, Progressive, in the Twelfth Assembly District by 900 votes while Slater, Democrat, carried the Thirteenth District against Fulwider, Republican, by over 1300 majority.

You can pay your State and County taxes at the Sonoma Valley Bank.

A Good Thing Coming

The comedy, "My Friend From India," to be staged in Union Hall November 22d, belongs to the same class of plays as "The Private Secretary," and it will be a succession of ridiculous. The trials and tribulations of the Underholt family from Kansas City, as they endeavor to get into the swell set of New York City, are absurdly ridiculous.

HAPPY THOUGHTS

There are unhappy married lives, but a large percentage of these unhappy homes are due to the illness of the wife, mother or daughter. The feelings of coarseness, the belated mind, the ill-sunder, the pale and wrinkled face, hollow and circled eyes, result most often from those disorders peculiar to women. For the woman to be happy and good-looking she must naturally have good health. Dragging-down feelings, hysteria, hot-flashes or constantly returning pains and aches—are too great a drain upon a woman's vitality and strength. Dr. Pierce's Favorite Prescription restores weak and sick women to sound health by regulating and correcting the local disorders which are generally responsible for the above distressing symptoms.

Mrs. Dickson.

"I suffered greatly for a number of years and for the past three years was so bad that I was a misery to me," writes Mrs. E. P. Dickson, of Urica, Ohio, Route 4. "The doctors told me I would have to go to a hospital before I would ever be better. A year ago this winter and spring I was worse than ever before. At each period I suffered like one in torment. I am the mother of six children. I was so bad for five months that I knew something must be done, so I wrote to Dr. R. V. Pierce, telling him as nearly as I could how I suffered. He outlined a course of treatment which I followed to the letter. I took two bottles of 'Favorite Prescription' and one of 'Golden Medical Discovery' and a fifty-cent bottle of 'Smart-Seed,' and have never suffered much since. I wish I could tell every suffering woman the world over what a boon Dr. Pierce's medicines are. There is no use wasting time and money doctoring with anything else or any one else."

The Medical Adviser by R. V. Pierce, M. D., Buffalo, N. Y., answers hosts of delicate questions about which every woman, single or married ought to know. Sent free on receipt of 21 stamps to pay for wrapping and mailing only.

MASK BALL OF WOMAN'S CLUB

It Was Both a Social and Financial Success in Every Way

The masquerade ball given under the auspices of the Sonoma Valley Woman's Club, in Union Hall, on Thursday evening of last week, was well attended and both a social and financial success.

The ball was given for the benefit of the new home for the Woman's Club in this city, for which a lot has already been purchased and paid for.

About one hundred couple in mask were in the grand march while many spectators were present.

The committee of ladies having the affair in hand did themselves proud and did more than their share toward earning for the club women of Sonoma the title of people who do things.

EL VERANO ITEMS.

By ARCHIBALD McKIVER.

(Continued from First Page.)
An article appeared in the Sonoma Valley Expositor a few weeks ago written by their El Verano correspondent in regard to the Steckmeyer children having the measles. Mr. Jake Steckmeyer wishes to announce through the columns of the Index-Tribune that the El Verano correspondent of the Expositor should get things right before publishing them as the report is false.

Woman's Club Notes

The meeting of the Woman's Club last Friday was given almost wholly to the adoption of a new constitution, a change made necessary by the club having become a property owner and making plans to soon begin work on a new clubhouse. The new Constitution provides for a board of five trustees, who will have charge of the property owned by the club, yet acting subject to its approval.

Next week the report of the District Federation at Santa Cruz will be heard. Mrs. Bates and Mrs. Burlingame having been in attendance.

DRUIDIC SOCIETY HAS APPEALED.

Grand Grove of Druids of California Take their Case to State Supreme Court.

The officers of the supreme grove of the United Ancient Order of Druids will have to appear before Superior Judge Mogan in San Francisco November 15 and show by what authority they have been attempting to expel the grand grove of California from the councils of the order. The supreme court has its headquarters in Louisiana and on September 21 passed a resolution expelling the California lodge for the non payment of a per capita tax. It thereupon proceeded to advise all subordinate lodges of the state to report to the supreme grove directly.

The court's order will prevent any of the per capita tax from being paid to the supreme grove directly and will suspend the action of the expelling resolution until it can be determined whether there was any legal excuse for the governing body's action, or any legal significance in the trial which sitting as a committee of the whole that body pretended to give the California organization. It is contended by the grand grove that the supreme grove acted entirely without warrant, did not follow the rules of the order, and attempted to collect a tax that had never been properly levied.

There are 16,000 members of the order in the state who will be deeply interested in the determination of the injunction suit, nearly 100 of whom are members of Sonoma Grove, No. 75.

Native Sons Drum Corps.

The Native Sons drum corps of sixteen members, recently organized here, have received their drums and practice drills will now be held under the tuition of Mr. J. F. Hansen of this city, who has kindly undertaken the task. This drum corps is the only one in Sonoma County and bids fair to become a credit to Sonoma. The membership is composed of John Picetti, Jas. Maffei, Jas. L. Modini, Victor Beretta, Harry Quarantoli, Louis Picetti, F. J. Hansen, Wm. Helberg, Jos. Enfield, Louis Rouquie, Annibale Maffei, David Eraldi, Edward Peterson, Leland Volquardsen, Harry Chicisola and Leonard Thomas.

Shower Party

A shower was given one day the latter part of last week in honor of Miss Louise Weber. It was held at the home of Mrs. Fred Lowell on the Napa road. The rooms were tastefully decorated with articles appropriate to Hallows'en and delicious refreshments were served. Miss Weber received many beautiful gifts. Among those present were Mesdames H. Rubke, R. Poppe, R. Hunter, W. Clements, F. Lowell, H. Weber, A. D. Lowell, L. W. Keyes, Geo. Lowell, and Misses Frances Lea, Alice Rubke and Louise Weber.

Masquerade Ball Thanksgiving Eve.

The Young Men's Institute of Sonoma will give a grand ball in Union Hall on Thanksgiving eve. The floor will be under the management of John F. Picetti, assisted by George Millerick and Chas. Gropkop.

THE OPIUM HABIT.

Its Effects as Described by Bill Nye in His Memoirs.

I have always had a horror of opiates of all kinds. They are so seductive and so still in their operations. They steal through the blood like a wolf on the trail and they seize on the heart with their white fangs till it is still forever.

Up the Laramie there is a cluster of ranches at the base of the Medicine Bow, near the north end of Sheep Mountain. Well, a young man whom we will call Curtis lived at one of these ranches years ago, and, though a quiet, mind-your-own-business fellow who had absolutely no enemies among his companions, he had the misfortune to incur the wrath of a tramp shepherd, who waylaid Curtis one afternoon and shot him dead as he sat in his buggy. Curtis wasn't armed.

A rancher came into town and telegraphed to Curtis' father, and then half a dozen citizens went out to help capture the herder, who had fled to the foothills.

They didn't get back till toward day-break, but they brought the herder with them. I saw him in the gray of the morning, lying in a coarse gray blanket on the floor of the engine house. He was dead.

I asked, as a reporter, how he came to his death and they told me, "opium." The murderer had taken poison when he found that escape was impossible.

I was present at the inquest so that I could report the case. There was very little testimony, but all the evidence seemed to point to the fact that life was extinct, and a verdict of death by his own hand was rendered.

It was the first opium work I had ever seen, and it aroused my curiosity. Death by opium, it seems, leaves a dark ring around the neck. I did not know this before. People who die by opium also tie their hands together before they die. This is one of the eccentricities of opium poisoning that I have never seen laid down in the books. I bequeath it to medical science. Whenever I run up against a new scientific discovery I just hand it right over to the public without cost.

Ever since the above incident I have been very apprehensive about people who seem to be likely to form the opium habit. It is one of the most deadly narcotics, especially in a new country.

Caught a Tartar.

Senator Theodore E. Burton of Ohio, who is a bachelor and has never been ensnared by the wiles of women, tells a story of a young lady and a judge of his acquaintance. The former was a witness in the latter's court. The prosecuting attorney had repeatedly put to her questions which she persistently evaded under the plea that she did not comprehend his meaning, whereupon his honor undertook to bring out the proper responses. Leaning over, he said in a kindly and fatherly manner: "Young woman, why is it that you insist in refusing to understand the questions of counsel? You are a person of charm, grace, beauty and more than average intelligence and—" "Thank you, your honor," interrupted the young woman, "if it were not for the fact, judge, that I am under oath I would return the compliment."

—National Monthly.

The "Sting" of Death.

The sting of death physically is nothing; a man who has lost consciousness in the water, a man who has been under an anesthetic, a man stunned in an accident—these have been in effect dead, and yet they know nothing of death. In speaking of it the most glaring contradictions pass quite naturally for axioms. It is the "gentle hand," but it is also the "grimy terror." It is "beautiful" and "wonderful," but it is also "terrible."—London Spectator.

A Cargo Hard to Handle.

Asphalt is said to be the most difficult cargo for a vessel to unload. The asphalt is taken out of the asphalt lakes in Trinidad in a semifluid state and by the time the vessel reaches a northern port has hardened, so that to unload it it is necessary for the men to go into the hold and dig it out with pick and shovel. This takes time, and a vessel carrying such cargo always has to arrange for a considerable stay in port.

Hippocratic Face.

The hippocratic face is a condition of the human face produced by death, long illness, excessive hunger and the like. The nose is pinched, the temples hollow, the eyes sunken, the ears cold and retracted, the skin of the forehead dry, the complexion livid and the lips relaxed with cold. This appearance is so named from having been accurately described by Hippocrates, the father of medicine.—New York American.

One Thing Unbroken.

Standing over the shattered remains of their last Dresden china statuette, the exasperated mistress said to the awkward servant:

"Is there anything you haven't broken since you have been with me?" "Yes, mum," replied the servant. "I have yet to break me record for destructiveness."—Baltimore American.

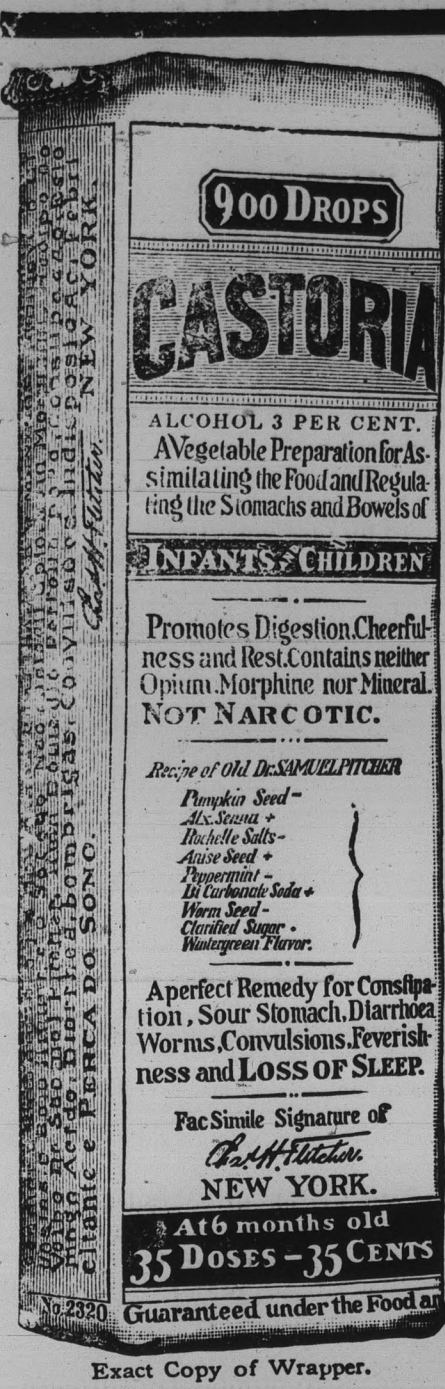

A Cattish Suggestion.

Ethel—My poor head aches frightfully. Claire—Why don't you take your hair off and rest it my dear?—Lippincott's.

"The poorest way to face life is to face it with a sneer."—Theodore Roosevelt.
